BTECH academic staff: possible thesis supervisors

Department of Business Development and Technology, Aarhus University. Collected 6 October 2026. Area of interest is taken from each person's Pure research profile or AU profile and shortened; check the profile before contacting anyone.

#	Name	Designation	AU profile	Area of interest
1	Benjamin Sovacool	Distinguished Professor	Profile	Ethics and sustainability, energy policy, renewable energy, energy security
2	Peter Enevoldsen	Professor	Profile	Wind energy, offshore wind, renewable energy, green hydrogen, sustainable transport
3	Britta Linnea Gammelgaard	Professor	Profile	Purchasing, supply chain management, technological change
4	Sven Kunisch	Professor	Profile	Strategy, strategic change and leadership, digital transformation, sustainability
5	Mirko Presser	Professor	Profile	Internet of Things, machine learning, open source software, business development, systems engineering
6	Sanne Wøhlk	Professor	Profile	Vehicle routing, waste collection, combinatorial optimisation, operations research, logistics
7	Inger Mørch Hauge	Professor (Docent)	Profile	Not stated on profile
8	Jan Laursen	Professor (Docent)	Profile	Business sustainability, statistics (taken from projects and books; no stated areas)
9	John Bang Mathiasen	Professor (Docent)	Profile	Operations management, manufacturability, concurrent engineering, supply chain management
10	Claus Ahm	Associate Professor	Profile	Not stated on profile
11	Robert Alphinas	Associate Professor	Profile	Machine learning, recommendation systems, neural networks, engineering education
12	Torben Andersen	Associate Professor	Profile	Port efficiency, public-private cooperation, organisational and talent management
13	Anne Gammelgaard Ballantyne	Associate Professor	Profile	Corporate and environmental communication, climate change, digitalisation, media studies
14	Michail Beliatis	Associate Professor	Profile	Internet of Things, AI, computer vision, cyber-physical systems, organic photovoltaics
15	Ulrich Schou Bjerre	Associate Professor	Profile	CAD modelling, embedded electronics, 3D printing, Industry 4.0, IoT, smart manufacturing
16	Francesco Chinello	Associate Professor	Profile	Haptics, robotics, wearable devices, virtual reality, human-robot interaction
17	Linda Englyst	Associate Professor	Profile	Operations management, supply chain management, global manufacturing
18	Georgios Fotis	Associate Professor	Profile	Energy systems, renewable energy, power transmission and distribution, high voltage
19	Henning de Haas	Associate Professor	Profile	Supply chain management, sustainability, circularity, operations management, leadership
20	Hans Henrik Hansen	Associate Professor	Profile	Business development, technological foresight, project-based and student-centred learning
21	Lars Kristian Hansen	Associate Professor	Profile	Project portfolio management, agile, digital transformation, governance, value creation
22	Maja Due Kadenic	Associate Professor	Profile	Scrum, agile development, product lifecycle management, product configuration, digital transformation
23	Henrik Kjær	Associate Professor	Profile	Not stated on AU profile (Pure lists unrelated medical topics; check with him)

#	Name	Designation	AU profile	Area of interest
24	Konstantinos Koumaditis	Associate Professor	Profile	Project management, agile, extended reality (AR/VR), VR training
25	Emma Lappi	Associate Professor	Profile	Entrepreneurship, new hires, firm productivity, human resources
26	Jakob Mathias Lund Liboriussen	Associate Professor	Profile	Performance management, management accounting, constructivism
27	Birgitte Wiwe Lund	Associate Professor	Profile	Operations and quality management, product development, materials, simulation, CAD
28	Christian Tang Lystbæk	Associate Professor	Profile	Management theory, organisational development, CSR, sustainability, change communication
29	Jan Kvist Martinsen	Associate Professor	Profile	Co-design, entrepreneurship, design learning
30	Lars Bjerregaard Mikkelsen	Associate Professor	Profile	Strategy and business development, marketing, negotiation, procurement, international business
31	Jeanette Ejsing Møberg	Associate Professor	Profile	Project management, team coaching, product and concept development, entrepreneurship
32	Amjad Naveed	Associate Professor	Profile	Business economics (SMEs, firms), R&D; knowledge, energy innovation, inequality, migration
33	Michael Nørager	Associate Professor	Profile	Innovation management, leadership and personal development, change management
34	Mikkel Lund Nüssler	Associate Professor	Profile	Operations and quality management, lean, statistical process control, decarbonisation
35	John Vestergaard Olesen	Associate Professor	Profile	Applied statistics, quantitative methods, customer and employee satisfaction
36	Martin Olsen	Associate Professor	Profile	Algorithmics, computational complexity, explainable AI, graph theory, logistics optimisation
37	Birke Dorothea Otto	Associate Professor	Profile	Creativity, organisation studies, innovation, discourse, temporal work
38	Keld Pedersen	Associate Professor	Profile	E-government, public sector innovation, behaviour change, digital health interventions
39	Jean-Paul de Cros Peronard	Associate Professor	Profile	Marketing, consumer behaviour, service networks, sustainability, digitalisation, AI
40	Eva Sørum Poulsen	Associate Professor	Profile	Web technologies, digital business strategy, entrepreneurship, design thinking, information systems
41	Torben Tambo	Associate Professor	Profile	Engineering management, enterprise architecture, supply chains and technology, technology implementation
42	Lise Tordrup	Associate Professor	Profile	Agile software development, agile practices, software safety, knowledge transfer, digital sustainability
43	Chad M. Baum	Assistant Professor	Profile	Carbon removal, climate intervention, geoengineering, public perception
44	Johan Clausen	Assistant Professor	Profile	Prescriptive analytics, newsvendor problem, censored demand, manufacturing digitalisation
45	Pernille Agerskov Clausen	Assistant Professor	Profile	Shop floor management, Industry 4.0, digital transformation, manufacturing digitalisation
46	Lasse Lui Frost-Frandsen	Assistant Professor	Profile	Virtual reality, AI, human-computer interaction, educational psychology, learning
47	Maria Jensen	Assistant Professor	Profile	Big data analytics, data analytics projects, stakeholders, benefits measurement
48	Justina Karpavice	Assistant Professor	Profile	Smart packaging, near-field communication, printed electronics, technology acceptance, digitalisation

#	Name	Designation	AU profile	Area of interest
49	Anne-Christine Rosfeldt Lorentzen	Assistant Professor	Profile	Digital transformation, CSR, organisational communication, stakeholder engagement
50	Nidhi	Assistant Professor	Profile	5G/6G networks, wireless communications, network slicing, AI ethics, data analytics
51	Madalina Pop	Assistant Professor	Profile	Strategy as practice, smart cities, ecosystem strategising, public sector innovation, open strategy
52	Unnikrishnan Radhakrishnan	Assistant Professor	Profile	VR skill training, immersive VR, haptic feedback, vocational training
53	Fabien Rezac	Assistant Professor	Profile	Internet of Things, business ecosystems, business model innovation, entrepreneurship, strategy
54	Parwinder Singh	Assistant Professor	Profile	Responsible AI, dataspaces, IoT, edge computing, distributed systems, blockchain
55	Mads Kock Skøtt	Assistant Professor	Profile	Search theory, game-based assessment, organisational problem solving
56	Tharsika Pakeerathan Srirajan	Assistant Professor	Profile	Machine learning, explainable AI, wind energy planning, data analytics
57	Nick Fitzpatrick	Postdoc	Profile	Degrowth, ecological economics, carbon dioxide removal, climate policy
58	S Jarjees Ul Hassan	Postdoc	Profile	Power distribution, renewable energy integration, smart grids, AI in energy systems
59	Syed Ali Hassan	Postdoc	Profile	Computer vision, robotics, augmented and virtual reality, deep learning
60	Lucilla Losi	Postdoc	Profile	Carbon removal, climate change, public engagement, fairness
61	Michael Lystbæk	Postdoc	Profile	Generative AI, machine learning, floor plan generation, product development
62	Maurizia Mezza	Postdoc	Profile	Politics of uncertainty, vaccination, misinformation, antimicrobial resistance
63	Maria Tareen	Postdoc	Profile	Not stated on profile
